<p>FORM 5500</p>		

Complete the following checklist to determine the projects permanent and construction Best Management Practices requirements. This form must be completed and submitted with the permit application.

If one or more questions in the checklist are answered Yes , the project is subject to the Priority Project Permanent Storm Water BMPs (SUSMP) requirements in Section 3. If all answers are No , please complete Form 5501 to determine if the project is subject to the Standard Permanent Storm Water BMP requirements.

Does the project meet the definition of one or more of the Priority Development Project Categories below? Also, refer to the definitions in the NPDES Municipal Permit, Order No. R9-2007-0001, and Sections 3 and 9 of this Manual for expanded definitions of the Priority Development Project Categories and the Significant Redevelopment priority projects.

Priority Development Project Categories

		Yes	No
1	Housing subdivisions of 10 or more dwelling units.		
2	Commercial developments greater than one acre		
3	Developments of heavy industry greater than one acre		
4	Automotive repair shops		
5	Restaurants		
6	All Hillside development greater than 5,000 square feet		
7	Environmentally sensitive areas		
8	Parking lots 5,000 square feet or more or with 15 or more parking spaces and potentially exposed to urban runoff		
9	Streets, roads, highways, and freeways		
10	Retail Gasoline Outlets		
11	Redevelopment projects that create, add, or replace at least 5,000 square feet of impervious surfaces on an already developed site that falls under the project categories or locations listed above		
12	On or after January 24, 2010, all other pollutant generating Development Projects that result in the disturbance of one acre or more of land		

Limited Exclusion: Trenching and resurfacing work associated with utility projects are not considered priority projects unless the project results in new impervious surfaces. Parking lots, buildings, and other structures associated with utility projects are priority projects if one or more of the criteria is met.
